

Virginia’s Program of All-Inclusive Care for the Elderly (PACE)

If you are age 55 or older and need a higher level of assistance to stay at home, you may qualify for PACE. Once enrolled, PACE provides all Medicare and Medicaid benefits plus additional services. PACE may be an option for you if you need greater care coordination than you are currently receiving with traditional Medicare and Medicaid or through Commonwealth Coordinated Care Plus (CCC Plus).

PACE is for individuals who prefer to stay at home and want to avoid nursing home placement. PACE participants usually have chronic medical conditions and need assistance to manage their daily activities. If you live within a PACE service area and meet Virginia’s requirements for nursing home placement PACE may be able to help you stay at home. To see if you are eligible PACE team members can meet with you and your family to explain the program and determine if they can provide enough assistance to help you live safely in the community.

PACE provides coverage for:

- ✓ Transportation
- ✓ Medications
- ✓ Home health and medical supplies
- ✓ Home modifications
- ✓ Personal alert services
- ✓ Eye care and glasses
- ✓ Doctor visits and emergency care
- ✓ Hospital and Nursing home
- ✓ Meals and nutritional counseling
- ✓ Adult day care/recreation
- ✓ Rehabilitation
- ✓ Dental care and dentures

To learn more about PACE go to: www.PACE4you.org. If you qualify for and enroll in PACE, you will be “disenrolled” (dropped) from your CCC Plus health plan and enrolled into the PACE program that serves your area. To find out if there is a Virginia PACE program serving your community go to www.vapacealliance.org, or contact the PACE Center nearest you.
